

MSDS

1. DESCRIPTIONS

Name: Porcelain Media Chip

2. COMPOSITION and EFFECT

Main of Composition: Al_2O_3

SiO_2

Appearance: Small size solid chip, no odour, no volatilization, high hardness and its extent of density is from 2 to 6 g/cm³

Effect: Is used for mass finishing process. Deburring, Grinding, Polishing and Fine Polishing.

3. STABILITY

Stabilization, Insolubility in water, No volatilization, No decomposition

4. HEALTH and SAFETY

Innocuity, No radioactivity, No cauterization, No poison

5. EMERGENCY

General measure for the unexpected accident

6. SAFEGUARD

No special request

7. PACKAGE and TRANSPORT

Packaged in polypropylene bags or carton boxes, and 25kg per bag or 50lbs per carton box. Please pay attention to aqosity during transport and stock.

8. FIREPROOFING

Cannot be burned

9. DISUSING and HARM TO CIRCUMSTANCE

No damage for environment
